

**NEW electronic dispenser
No-Touch HYGENIUS FOAM SOAP,
COSTS and HYGIENE under control.**

WHY CHOOSE HYGENIUS FOAM SOAP?

1

MAXIMUM HYGIENE TO REDUCE BACTERIAL CONTAMINATION

The new Hygenius Foam Soap dispenser automatically provides foam soap without touching the dispenser, thanks to an electronic sensor that detects hand movements.

2

COSTS UNDER CONTROL THANKS TO THE NO-WASTE DISPENSING

The automated dispensing of 1 ml of foam soap allows a complete hand-washing and an effective cost reduction. Each refill delivers 1000 doses, reducing maintenance needs.

TECHNICAL FEATURES

DISPENSER

Code 892258

Right running guaranteed only if used original Hygenius Foam Soap refills
Controlled dispensing: 1 ml per dose
Battery operated
(4 AA-LR6 alkaline batteries, 1.5 V)
